

TERP TRIVIA

Your mission: Find the following fun information around the Maryland campus. Students, faculty and staff you run into are great sources, so don't hesitate to ask for help!

1 This arena, which has a capacity of nearly 18,000, is where you can see Terps play basketball.

2 The M traffic circle on Campus Drive was created in 1976 to commemorate the United States' bicentennial. What is the M made of?

3 The campus has a 450-pound statue depicting a famous alum talking with a frog. What are their names (human and frog)?

4 From this point on campus, you can see the Washington Monument on a sunny day—if you're not too busy cheering.

5 The largest of the university's seven libraries, it holds more than 2 million volumes.

8 A wrought-iron gate from the Class of 1910 faces Route 1 and connects Turner Hall and this, the oldest building on campus.

7 More than 100 couples marry every year at this campus site, dedicated in 1952 to members of the university community who died in military service.

6 The heart of the original campus is a mall now bordered by LeFrak, Shoemaker, Taliaferro, Tydings and Morrill halls. What is it called?

When finished, check your answers on page 44. But no peeking!
